Biography

Dr. Satyanarayana Chava is the Founder and Chief Executive Officer of Laurus Labs Limited. He holds both a master's degree and a Ph.D. in chemistry from Andhra University. He also holds an Executive M.B.A. from the Indian School of Business, an honorary doctorate of science from the Gandhi Institute of Technology and Management, and a post-graduate diploma in quality management from the World Quality Council.

With more than three decades of experience in the pharmaceutical industry, Dr. Chava has been steering Laurus Labs, founded in 2005, toward growth in both domestic and global markets. He brings valuable experience in various domains of the industry, including research and development and the active pharmaceutical ingredient process development, particularly intellectual property. In his work with top pharmaceutical companies, he amassed strong experience in areas including manufacturing and business development. Dr. Chava has more than 150 patents to his credit.

Before founding Laurus Labs, Dr. Chava contributed to the success of Matrix Laboratories Limited as a Chief Operating Officer. Prior to that, he served at Ranbaxy Laboratories Limited, Vera Laboratories Limited, and Vorin Laboratories Limited in various capacities.
