---

## Biography

Dr. Dennis Doherty is a Professor Emeritus of Medicine at the University of Kentucky. Dr. Doherty has held several leadership roles in academic medicine and professional societies. He has been a Principal Investigator in research involving more than 55 grants for basic science and clinical studies on lung inflammation, obstructive lung disease, and pulmonary fibrosis. He has published more than 190 articles, abstracts, and chapters. Dr. Doherty received the 2015 Ohio State College of Medicine Academic Achievement Award and has been selected for 17 consecutive years to America's Top Doctors and Best Doctors in America for Pulmonary Medicine. On a personal note, Dr. Doherty is a home winemaking hobbyist, having scores of medals in local, national, and international amateur competitions. Dr. Doherty was a varsity soccer player at Johns Hopkins University and a former national handball champion inducted into the Colorado Handball Hall of Fame in 2019. Dr. Doherty's goals include to utilize his USP experience as a member of several expert committees and expert panels, as an expert committee Chair, as a member of the Council of Experts, and as a convention delegate to help launch USP into its 3rd century and beyond.
